

# AIRONE TUNNEL 150

## Creating all year round weather protection

The **AIRONE TUNNEL 150** is ideal for creating **covered walkways, waiting areas** or **links between buildings**. The structure is available in widths up to 3 metres and to any length required.

### Ideal for sun or rain protection in:

- Schools • Public areas • Pubs • Hotels • Restaurants • Hand car washes • Golf clubs
- Children's playgrounds • Theme parks • Smoking shelters • Residential care homes and a range of other applications.

The **AIRONE TUNNEL 150** is available in **standard modular sizes** or can be manufactured to **specific sizes** when required.

## Technical specifications

The **AIRONE TUNNEL 150** is manufactured to order with a typical lead time of 3-6 weeks.

Due to the versatility of the **AIRONE FRAME** the structure can be manufactured to form angles or corners to suit specific sites.

The steel framework is available in a choice of **galvanised only** or **galvanised and powdercoated** finish and features a unique guttering system.

The canopy is manufactured from a choice of PVDF coated PVC materials. The PVC material is fully **UV resistant, waterproof, fire retardant** and has **anti-fungicidal** properties.

### The main components:

**Eaves Beam:** 100mm x 150mm steel section

**Column Supports:** 150mm x 150mm steel section

We also supply a range of accessories including:

**Soft PVC walls • PVCu glazing • Heating • Lighting**

Drawings and structural calculations are available on request.

All structures manufactured in accordance with **CE EN1090**.

See below our colour range for standard metalwork and canopy colours. We can, if required, powdercoat our structures to any colour of your choice for an additional charge.
