

ALBATROSS 150

Creating all year round weather protection

The **ALBATROSS 150** is ideal when looking for weather protection with extra style.

The Albatross is ideal for creating eye catching entrances or feature areas.

For use in: Schools • Public gardens • Playgrounds • Hotels • Theme parks and a range of other applications.

The **ALBATROSS 150** is available in **standard modular sizes** or can be manufactured to **specific sizes** when required.

ALBATROSS 150

Technical specifications

The **ALBATROSS 150** is manufactured to order with a typical lead time of 3-6 weeks.

The **ALBATROSS 150** is available in standard modular sizes of 3m x 3m to 6m x 6m or can be manufactured to specific sizes when required.

The steel framework is available in a choice of **galvanised only** or **galvanised and powdercoated** finish and features a unique guttering system.

The canopy is manufactured from a choice of PVDF coated PVC materials. The PVC material is fully **UV resistant, waterproof, fire retardant** and has **anti-fungicidal** properties.

The main components:

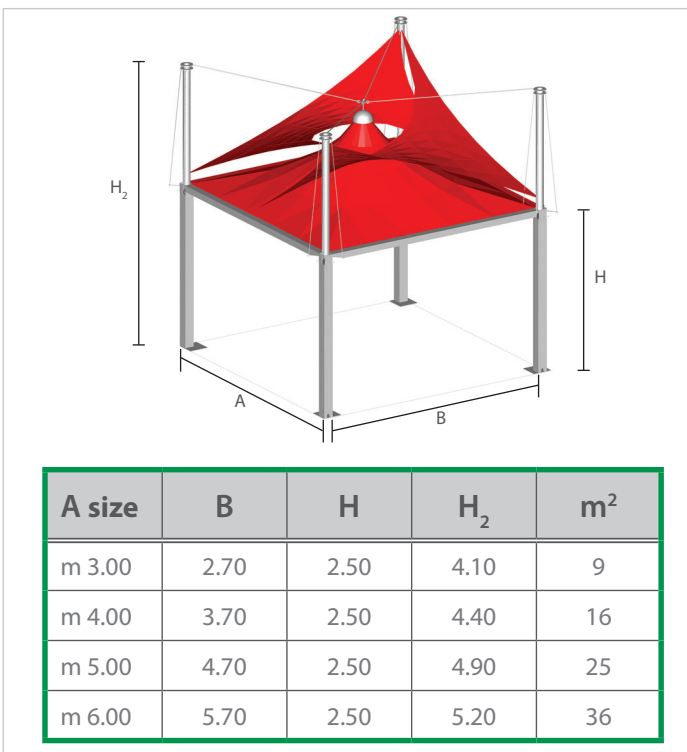

Eaves Beam: 150mm x 100mm steel section
Column Supports: 150mm x 150mm steel section

We also supply a range of accessories including:

Soft PVC walls • PVCu glazing • Heating • Lighting

Drawings and structural calculations are available on request.

All structures manufactured in accordance with **CE EN 1090**.

See below our colour range for standard metalwork and canopy colours. We can, if required, powdercoat our structures to any colour of your choice for an additional charge.
